Profile

I graduated from Balıkesir University Computer Programming Department in 2022.

While I was studying, I also took part in Zesu Socks as a Full-Stack developer for 3 years.

After graduation, I took part in CODEX as a Full Stack developer, mostly .Net Core and React technologies.

I am currently actively developing using .NET and ANGULAR Technologies.

I have worked with many institutions such as Genç Yalvaçlılar Social Assistance Institution, Yaren and Şifa Pharmacy, La P'tite Fringe Restaurant on a Project Basis and I am still continuing my freelance career.

You can review my Repository on my Github account to have information about all the projects and technologies I use.

Thanks for your time.
